

HOT COCKTAIL

Blueberry Mojito, Q-Bar

Q-Bar at the Hotel Albuquerque is one of the city's swankiest nightspots: the plush couches, live jazz, and generally luxe atmosphere all make it a posh (yet welcoming) see-and-be-seen. The fact that Q-Bar serves some of the city's most creative cocktails probably doesn't hurt, either. We're big fans of the Blueberry Mojito. The mojito is a classic Cuban drink made with rum, club soda, limejuice, and sugar. Q-Bar one-ups the traditional recipe and makes it its own, adding huge, muddled mint leaves, just-squeezed limejuice, and fresh, juicy blueberries. Refreshing and effervescent, this drink makes us very, *berry* happy. Q-Bar at Hotel Albuquerque, 800 Rio Grande Blvd. NW, 222-8718
